## Message from the Chief Financial Officer

---

FY 2023-24 is another favorable year for University of Tennessee finance and operations. Major highlights include:

- UT's largest salary pool ever, breaking records set each of the past two years.
- A 9.3% increase in recurring state appropriations, equivalent to 3.9% of total unrestricted educational and general (E&G) funding.
- \$10.7 million to help reduce a recurring operating deficit at the UT Health Science Center and provide a stable base to strengthen financial viability in future years.
- Modest adjustments to tuition and fees in response to higher operating inflation and to address specific needs at each campus.

Total operating revenues are \$3.2 billion, up 2.2% from the current year. This includes \$2.0 billion for basic educational and general operations, \$350 million for auxiliary enterprises, and \$860 million from restricted grants, contracts, gifts, and endowments.

Unrestricted E&G revenues increase \$42 million (2.2%), but this understates true revenue growth. Current year revenue budgets include \$122 million in non-recurring state funding for special initiatives. Recurring revenue budgets are up by 9.9%, driven primarily by tuition and fees (up \$89 million) and state appropriations (up \$71 million).

Most of the growth in tuition and fee revenue is from Knoxville, which continues to experience strong enrollment, especially out-of-state students who pay higher rates of tuition helping fund programs that benefit Tennessee students.

Auxiliary enterprise revenues are expected to grow by over 10%. Most of this growth is from UT Knoxville athletics, followed by bookstore and housing revenues.

Grants, contracts, gifts, and endowments will fund 62% of student financial aid, 59% of UT research activity, and 45% of UT's service to Tennessee citizens, communities, and businesses. These restricted revenues are expected to drop by 0.5%, but much of this drop is related to end of temporary federal COVID-relief grants received during FY 2022-23. These funds were used for \$85 million in emergency grants to UT students and provided an additional \$85 million to cope with the fiscal impact of the pandemic on campus operations.

Campuses have proposed adjustments to certain tuition and fees based on plans, needs, and financial conditions specific to their own circumstances. Each campus is facing significant higher operating costs resulting from increased inflation. The Health Science Center and UT Southern are relying on modest fee increases as one element in their plans to achieve greater long-term financial stability. Section C of this document includes details on each proposed tuition and fee adjustment.

The following document includes further information on the university's plans and expectations for FY 2023-24. Revenue and expenditure data for each operating unit are provided.

Respectfully,

*David L. Miller*

# University of Tennessee FY 2023-24 Proposed Budget

## Overview

Current fund revenues for the University of Tennessee (UT) Fiscal Year 2023-24 (FY24) proposed operating budget are nearly \$3.2 billion, up 3.9% from the current year. This includes \$2.0 billion in unrestricted educational and general (E&G) and auxiliary enterprise revenues and \$860 million of revenues from restricted funds.

### FY24 Operating Revenues by Fund Group

Fund Group	FY23	FY24	\$-change	%
Unrestricted E&G	\$ 1,963,299,419	\$2,005,632,546	\$ 42,333,127	2.2%

**Unrestricted E&G funds** support the core operations of the university. They are funded primarily through tuition and student fees, state appropriations, and other unrestricted revenues including grants and contracts, federal and local appropriations, sales and services, and investment income.

**Auxiliaries** are self-supporting enterprises that provide services to students, faculty, and staff such as housing, bookstores, food services, and UT Knoxville (UTK) athletics. They complement the core operations of each campus and are vital components of student life and campus culture.

**Restricted funds** include primarily grants, contracts, gifts, and endowments. These are the major revenue sources for research, scholarships, and fellowships.

Each unit other than System Administration increased revenue budgets across most revenue categories. The large revenue drop shown below for System Administration is the result of \$122 million of non-recurring state funds received during FY23 for transition to a new, cloud-based enterprise resource system (ERP) and the Oak Ridge Innovation Institute (ORII).

## University of Tennessee FY 2023-24 Proposed Budget

### Current Operating Expenses

The budget proposal allocates projected FY24 revenues plus a small share of current fund reserves to the following activities. The relative share of total funding allocated to each function is characteristic of long-term allocations; UT's expenditure profile is very stable across time. Restricted funding from grants, contracts, gifts and endowments provide significant levels of support for some functions: 60% of scholarships and fellowships, 58% of research, 47% of public service, and 25% of instruction. Nearly two-thirds of the \$78.5 million set aside for debt service will be funded by auxiliary enterprise revenues (housing, parking, athletics, and food services).

#### FY24 Operating Expenditures and Transfers

By Functional Area	Unrestricted	Restricted	Total
Instruction	\$ 705,937,399	\$ 233,355,068	\$ 939,292,467

<b>Expenses &amp; Transfers</b>	<b>\$ 2,356,578,810</b>	<b>\$ 860,080,949</b>	<b>\$ 3,216,659,759</b>

Nearly two-thirds of the \$78.5 million set aside for transfers for debt service is related to debt for construction of auxiliary facilities such as residence halls, parking structures, and UTK athletics facilities. The figure shown for non-mandatory transfers is the net total of dozens of transfers to and from other fund groups related to managing long term reserves for the renewal or replacement of equipment, institutional match requirements for construction projects, strategic initiatives, and future contingencies. It also includes transfers of \$11.5 million out of the university's consolidated investment pool to fund payments to UT Foundation and \$23.4 million from campus and institute revenues to partially fund administrative functions managed by System Administration.

## Current Operating Expenses – Five Year Changes

Over the past five years, the largest growth in funding allocations have been to Instruction (\$221 million), Academic Support (\$106 million), Auxiliaries (\$103 million), and Scholarships and Fellowships (\$72 million), and. The largest percentage increases have been for Auxiliaries (51%) Academic Support (46%), and Public Service (41%).

FY 2023-24 proposed expense budgets compared to actual FY 2019-20 expenses.

The large change in non-mandatory transfers reflects the year to year variability in how one-time funds are managed. In some years large amounts of current operating revenues are transferred to long-term reserves to fund future projects, in some years reserves are transferred to the current operating budget to offset current year expenditures.

## University of Tennessee FY 2023-24 Proposed Budget

### Unrestricted Educational and General (E&G) Revenues

Revenue budgets for core E&G operations were adjusted up by 2.2%, but this understates the true growth in funding expected for FY24. System Administration revenue budgets for FY23 include \$122 million of non-recurring funds for special projects. Recurring revenue budgets are up by 9.9%. Nearly 90% of this gain comes from state appropriations, tuition and fees.

### Unrestricted E&G Revenues – Tuition & Fees

Tuition and fee revenue budgets are up 9.7% (\$84.7 million). Less than 22% of this growth, around \$18.4 million, is due to proposed changes in student fees (explained in detail in Section C). The remainder is the result of adjusting budgets to account for strong enrollments expected for fall 2022 at UT Knoxville and UT Southern, growth from recent years that was not yet fully factored into recurring revenue budgets, and a more confident outlook in setting budgeted revenues closer to projected revenues.

<b>Total</b>	<b>\$ 872,675,041</b>	<b>\$ 957,359,104</b>	<b>\$ 84,684,063</b>	<b>9.7%</b>

UT Knoxville is the only campus that is proposing no changes to tuition. This is a result of enrollment trends, programmatic excellence, and sound fiscal oversight.

- UTK enrollments have not experienced the challenges faced by other Tennessee colleges and universities, evidence that prospective students recognize a UTK education as a strong value proposition.
- UTK appropriations growth continues to be strong due to the impact of measurable productivity gains in outcome metrics such student progression, graduation, research and service verified by the Tennessee Higher Education Commission (THEC) performance funding formula.
- Recent growth in out-of-state enrollments is generating additional marginal revenues that directly benefit Tennessee students by supporting programs, services, and infrastructure without increasing in-state tuition.

## **University of Tennessee FY 2023-24 Proposed Budget**

---

### **Unrestricted E&G Revenues – Tuition & Fees (continued)**

Knoxville is proposing an increase in its facilities fee, last changed six years ago, to provide \$7.7 million to help offset recent jumps and anticipated growth in the cost of deferred maintenance and construction. UTK's proposal includes a transportation fee increase expected to generate \$1.5 million. The costs of operating UTK's transit system, a vital service to students attending classes across a large campus, have grown significantly since the transportation fee was adjusted seven years ago. Proposed changes to other student fees will generate roughly \$600,000.

UT Southern proposes a 3.0% increase to tuition and mandatory fees. Southern did not receive sufficient appropriations gains to fully fund its FY24 salary pool. The revenue generated by this increase and anticipated enrollment growth will be used to fund the salary pool; offset inflationary cost increases experienced across all educational programs, student services, and campus operations; and building a recurring revenue base to achieve long term financial sustainability.

UT Chattanooga will need to supplement state funding with tuition revenue gains in order to fully fund its salary pool. A 3.0% tuition and mandatory fee increase would generate \$3.4 million to be used for the increased cost of facilities operations, maintenance, repairs, and debt service; instruction, student mental health services, and academic programs; and institutional support activities such as ERP implementation. Other fee adjustments will generate net revenues of \$418,000 for instructional materials, field experiences, specialized courses, and the Mosaic program supporting autistic degree seeking students. (The drop in tuition and fee revenues in the table above results from non-recurring fee revenues included the FY23 budget.)

UT Martin proposes a 2.0% increase to tuition and mandatory fees which is expected to yield \$1.1 million for faculty and staff promotions, salary adjustments, debt service, student mental health services, and inflationary pressures felt be all campus operations. Other fee adjustments will provide funding for specialized course supplies. The proposed increases are needed since the increase to Martin's state funding is equivalent to 2.1% of total unrestricted E&G funding, which is insufficient to fully fund the UTM salary pool and general operating inflation.

UT's Health Science Center proposes a 1.5% tuition increase; adjustments to fees for materials, medical instruments, and digital materials used in certain programs; and a reduction in the student health insurance fee. Revenues from these adjustments will partially offset general inflation, improve infrastructure in the Center for Healthcare Improvement & Patient Simulation (CHIPS), hire basic science faculty, keep pace with increasing library subscription costs, and provide instruments and materials for students in dentistry and nursing. Tuition increases for all HSC programs have been low for several years, including no increases or reductions in some years; as a result, the cost of HSC programs will continue to be competitive.

## University of Tennessee FY 2023-24 Proposed Budget

### Unrestricted E&G Revenues – State Appropriations

State funding for recurring operations is up \$71.7 million or 9.3%. Total appropriations are down \$11.9 million, but this is primarily the result of \$72 million of non-recurring appropriations received for the Oak Ridge Innovation Institute (ORII) during the current fiscal year.

#### FY 2023-24 State Appropriations

<b>Total State Appropriations</b>	<b>\$ 829,204,452</b>	<b>\$ 17,278,262</b>	<b>\$ 846,482,714</b>

Additions to recurring operating appropriations include \$42.8 million for employee salary and benefits: \$39.1 million to partially fund a 5% salary pool and \$3.7 million to offset increasing health insurance premium costs. This is the largest amount of state funding ever received for faculty and staff compensation.

\$18.3 million was added for general operations through the funding formula and operating improvements for UT medical education units. This includes a special allotment of \$10.7 million in recurring funds for the Health Science Center to help address a recurring operating deficit that has depleted reserves over recent years. These funds will stabilize current operations, but continued funding growth and careful fiscal management will be needed to rebuild reserves in future years.

The County Technical Assistance Service (CTAS), part of UT's Institute for Public Service (IPS), received \$200,000 recurring funds to provide training to Tennessee property assessors. While a small amount, it reflects the great value that public officials across the state place in IPS programs.

## University of Tennessee FY 2023-24 Proposed Budget

### Unrestricted E&G Expenses

FY24 unrestricted E&G expense budgets total \$1.98 billion. Nearly half is allocated to instruction, research, and public service; 29% is allocated to academic support, student services, scholarships, and fellowships; and 22% is directed to institutional support and operation and maintenance of grounds, facilities, and mechanical systems.

FY24 unrestricted E&G expenditure budgets are only \$718,810 million above the current FY23 budget. This can be misleading since the FY23 figures include \$143 million of non-recurring expenses while the FY24 proposed budget is primarily for recurring operations. Recurring expenses budgets are increasing 9.0% from \$1.81 billion to \$1.97 billion as shown on the following page.

## University of Tennessee FY 2023-24 Proposed Budget

### Unrestricted E&G Expenses (continued)

Each unit increased recurring expense budgets. Salary and benefits are up due to the salary pool; faculty promotions; new positions to expand instruction, tutoring, academic and career support; and an extremely competitive labor market. Operating budgets are up significantly reflecting the impact of inflation on operations. Unrestricted funds for recurring scholarship and fellowship expenses are up 9.0%.

### Restricted Funds

Restricted funds must be used for purposes established by an external party and in accordance with the contractual terms and conditions negotiated with the sponsor of each grant and contract or the administrative provisions set by donors for each gift fund and endowment. They are the largest funding sources for research (59%) and financial aid (62%) and play an important role in funding the university's public service initiatives (45%). Restricted funds are not part of the proposed budget resolution. They are presented to provide a complete picture of total operating funds.

Modest gains are expected from most restricted fund revenue sources. The modest net increase in funding for scholarships and fellowships should be understood in context of the fact that nearly \$50 million of COVID-relief grants were issued to students during FY23. Over the last two years, these grants enabled UT campuses to issue nearly 90,000 emergency grants to students totaling more than \$85 million. An additional \$85 million has been used to cope with the fiscal impact of the pandemic on campus operations. If this factor is excluded, restricted fund support for student financial aid from traditional sources is increasing significantly.

## University of Tennessee FY 2023-24 Proposed Budget

### Auxiliary Enterprises

Auxiliaries are self-supporting enterprises providing services to students, faculty, and staff such as housing, bookstores, food services, and UTK athletics. (The athletic programs at UTC, UTM, and UTS are included in unrestricted E&G funds.) Most are funded through fee models such as housing rentals, meal plan prices, parking permits, and sales of books and supplies. UTK athletics has a variety of funding sources including ticket sales and television revenues. These revenues fund salaries and benefits, general operating, utilities, capital expenditures and debt service.

## Auxiliary Enterprises (continued)

Campuses have proposed fee increases for housing, dining, and parking to keep up with operating inflation, comply with food service contract terms, and extend the 5% salary pool to auxiliary employees. Recent success of UT Knoxville athletics programs is expected to drive revenue growth in most revenue streams including ticket sales, conference revenues, and donor support.

## 2023-24 Salary Plan

FY24 will mark the third straight year of record setting salary pools. The proposed expenditure budgets presented in this document include salary pools equivalent to 5% of current salaries. Each campus and institute has developed plans to use these pools for salary adjustments that reflect current salary market conditions and recognize employee performance. State appropriations include \$39.1 million earmarked specifically for the salary plan (roughly two-thirds of the projected cost of \$60.3 million). The remainder will be funded by state formula funding, tuition increases, auxiliary revenues, and restricted grants, contracts, gifts, and endowments.

## Unrestricted Net Assets

The university maintains sufficient levels of unrestricted net assets to comply with state regulations on working capital, properly account for revolving funds, and meet contractual obligations and operational plans for the next year. The Proposed budget results in fund balances of \$129.9 million as of June 30, including \$109.5 million for E&G operations and \$20.4 million for auxiliaries.

**Working capital** provides sufficient liquidity to fund accounts receivable, inventories, and petty cash. These are required by state regulations and are considered non-expendable during the fiscal year.

**Revolving funds** include fund balances tied to revenue-generating units (e.g., service centers, motor pools, conference centers, medical clinics) and university wide cost-distribution models (e.g., unemployment compensation, workers compensation liabilities, claims liabilities, etc.).

**Encumbrances** are carried over for commitments for purchases of goods and services that were not received before the close of the fiscal year. They are fully expended during the fiscal year.

**Reappropriations** are funds carried forward for specific programs and initiatives. The most common example is a project that was planned for the previous fiscal year but delayed until the next fiscal year. Most reappropriations are fully expended during the current year.

**Unallocated Reserves** are contingency funds used to respond to fluctuations in revenues and expenditures. The unallocated reserve for E&G operations is limited to 2% to 5% of total expenditures and transfers; the auxiliary target range is 3% to 5% of expenditures and transfers.

## Proposed 2023-24 Tuition and Fees

---

The proposed budget includes revenues and expenses related to tuition and fee adjustments recommended by UT campuses for the 2023-24 academic year. These recommendations were developed in accordance with Tennessee Higher Education Commission (THEC) guidelines and the university’s Policy on Approval of Student Fees (BT0016). They are an integral component of the 2023-24 proposed operating budget. Major recommendations include:

- No tuition increase at UT Knoxville; increases ranging from 1.5% to 3.0% at other campuses.
- Adjustments ranging from 3% to 5% to auxiliary rates to cover cost increases in housing, food services, and parking with the exception of UT Southern, which is not increasing room and board rates.
- Adjustments to other fees such as programs and services fees, course fees, program fees, differential tuition to fund costs related to student services, instructional materials, campus infrastructure, and debt service.

The following includes revenue projections, descriptions of how additional revenue is planned to be used, and detailed schedules of tuition and fee levels proposed for each campus.

Summary of Net Revenue Changes and Allocations	Net Change*
Chattanooga	\$ 5,410,700
Knoxville	14,293,700
Martin	1,449,400

<b>Allocations</b>	
Academic program enhancement/inflation; faculty promotions & positions	\$ 3,011,500
Facilities, utilities, infrastructure, campus transit, construction inflation	10,165,900
Instructional equipment/supplies, student materials, testing, certifications	3,175,000
Auxiliary operating inflation and salary adjustments	6,342,900
Student services, health centers, counseling, and mental health	2,040,600
<b>Total</b>	<b>\$ 24,735,900</b>

\*Does not include revenue changes that may result from other factors, such as changes in enrollment.

## Proposed 2023-24 Tuition and Fees

---

UT Chattanooga proposes changes to the maintenance fee, some mandatory fees, program fees, and auxiliary enterprise fees. (Reductions to out-of-state tuition were previously approved during the February 2023 Board meeting.) New state appropriations will be allocated towards the state recommended salary pool for most UTC employees (other than those funded by auxiliaries), but additional operational funds are required for institutional support, program enhancements, student services and the physical plant.

Summary	New Revenue
Proposed for Approval by the Board of Trustees	\$ 5,338,700
Approved by the President	30,000
Approved by the Chancellor	42,000
Proposed Allocations	
Support for programming and positions	555,200
Student services inclusive of recruitment and counseling services	249,500
Increased support and equipment for instruction and course delivery	903,400
Physical plant maintenance, operations and fixed costs	2,126,700
Residence hall, food service, and parking operations	1,575,900
TOTAL	\$ 5,410,700

### Proposed for Approval by the Board of Trustees

- Maintenance Fee (Tuition) – UTC is proposing a 3.0% increase to maintenance fees paid by all undergraduate and graduate students. The projected increase to revenue is \$2,840,417. The total revenue will be used for institutional support, student services, academic and program support, and the physical plant. The largest allocation of \$1,664,645 is for operational cost increases related to the physical plant inclusive of exterior building maintenance, repairs, and utilities. \$555,170 will be invested in positions to provide institutional support for ERP system implementation, research awards, communications, space management and an employee advocate. Another \$620,602 will be allocated to increase instruction, student services and academic programs including UTC’s new Quality Enhancement Plan (QEP).

Parking	Varies	3.0%	Varies	3.0%	\$40,000

- Tuition (Out-of-State Tuition) – The proposed decrease of \$7,814 is the net change of a 50% reduction approved during the February 2023 UT board meeting plus the \$240 maintenance fee increase proposed in these materials. It is expected that enrollment increases will offset any revenue decreases.
- Undergraduate International Tuition – The net change proposed for 2023-24 is an increase of \$186. This includes the proposed maintenance fee increase of \$240 and a \$54 decrease approved during the February 2023 UT Board meeting (to maintain undergraduate international student rates and align assessment of graduate international students, the board approved to extend the current graduate international tuition rate to undergraduate international students).
- Mandatory Fees – UTC is proposing a 3.0% increase to mandatory fees paid by all undergraduate and graduate students. The increases are projected to increase revenue by \$576,406. The total cost of mandatory fees for a full-time student is \$1,856 annually and an increase of \$56 will allow for student support as well as adequate planning for facilities.

### Proposed 2023-24 Tuition and Fees

---

- Health Fee - UTC recommends increasing health fee from \$120 to \$130 to provide \$114,167 for increased support for mental health and wellness.
- Debt Service Fee - UTC recommends increasing debt service fee from \$408 to \$430 to provide \$202,307 for bonded debt associated with non-auxiliary student facing building projects. This will fund the University Center renovation planned to begin next year.
- Transportation Fee - UTC recommends increasing transportation fee from \$96 to \$120 to provide \$259,932 to assist with a new parking garage structure.
- Program Fees – UTC is proposing two new program fees and one increase to an existing program fee.
  - Accelerated Bachelor of Science in Nursing Program Fee – An accelerated BS nursing program will begin fall of 2023, and UTC is proposing a program fee of \$1,000 per semester to provide \$96,000 to support operations of the program. The accelerated program will enable many students to graduate a year early, saving a year’s worth of tuition and fees (around \$12,000 for the typical student) and entering the workforce one year sooner (average starting salary of \$62,500).
  - Accelerated Bachelor of Applied Science in Cybersecurity Program Fee - An accelerated BAS cybersecurity program began spring of 2023, and UTC is proposing a program fee of \$100 per credit hour to provide \$140,000 to support instruction and operations of this program. The accelerated program will enable many students to graduate a year early, saving a year’s worth of tuition and fees (around \$12,000 for the typical student) and entering the workforce one year sooner (average starting salary of \$75,000).
  - Mosaic Program Fee - UTC is proposing a program fee increase for the existing Mosaic Program, a comprehensive program developed to support degree-seeking students who have an Autism Spectrum Disorder. The increase from \$3,500 to \$5,000 per semester will fund hire staff and increased operating costs. This highly successful program is recognized nationally and is one among few offered.

## Proposed 2023-24 Tuition and Fees

---

- Auxiliary Enterprises – Prices vary for on-campus housing options, meal plans and parking decals. Lists of all prices are included in the detailed schedules at the end of this document.
  - Housing – The increase in rental rates is 5.0%. It will affect both north and south campus residence hall rates. This is necessary to cover increased operating expenses such as utilities, repairs, general maintenance, and salary pool increases.
  - Food Service – UTC is contractually bound with Aramark to adjust meal plans to assist in offsetting operational increases over the life of the contract (e.g., the rising costs for food and compensation adjustments for employees). The increase is 5.0%. UTC expects commissions to increase by approximately \$60,000.

### Approved by the President

- Applied Music Fee – This fee will increase from \$100 to \$200 for lower level and \$200 to \$400 for upper level courses to provide \$30,000. The increase will help cover increased costs of accompanists and instrument maintenance.
- Extend Existing Course/Lab Fees to Additional Courses – The following programs have fees in place for courses that require supplemental funding for specialized instruction, field-based instruction, and equipment or materials. UTC is extending these fees to the following courses: Anthropology (ANTH 4300R, 4400, 4500L, 4600); Art (ART 3651); Biology (BIOL 4020, 4240, 4335); Chemistry (CHEM 4040L, 4995R, 4997R); Education (EDUC 5260, 5640, 5950, 5970); Environmental Science (ESC 4020, 5240); Geology (GEOL 1105L, 3070, 3230, 4470, 4490, 4900, 5470, 5490, 5530, 5550); Health and Human Performance (HHP 1030, 1040, 2035, 3300, 3450, 4420; ATTR 5625, 5715, 5725, 5825; NUTR 4000, 5380, 5450).

### Approved by the Chancellor

- ABSN Seat Fee – The Chancellor has approved a seat fee for the new accelerated nursing program of \$500 per accepted student. This seat fee is requested to secure a candidate's position in this highly competitive program.
- Parking Decals – The Chancellor has approved increasing parking decal rates by 3%. This will generate \$40,000 to cover increased costs for lot maintenance, general operating needs, future planning for long-term maintenance, and salary pool increases.
- Graduation Application Late Fee – The Chancellor has approved removing the undergraduate and graduate graduation application late fee of \$50. This fee originally was established to align planning needs for commencement, but due to operational changes this fee is obsolete and only creates barriers to graduating students.

## UT Knoxville Proposed 2023-24 Tuition and Fees

---

UT Knoxville recommends no change for tuition in 2023-24, increasing facilities and transportation mandatory fees for the Knoxville Campuses, eliminating six program fees in exchange for increasing differential tuition for the College of Nursing, increasing three professional and executive program fees, creating a new nutrition graduate program fee, increasing five and eliminating two course fees and increasing auxiliary housing and dining fees, and increasing parking permit fees. In addition, UT Knoxville is recommending the removal of the out-of-state tuition charge for residents of Madison County, Alabama who attend the UT Space Institute in Tullahoma. The net gain in revenue is projected to be \$14,293,712.

## Proposed 2023-24 Tuition and Fees

---

### Proposed for Approval by the Board of Trustees

- Removal of out-of-state tuition charge for residents of Madison County, Alabama who attend the UT Space Institute (Net gain of new students) – Requesting permission to allow residents of Madison County Alabama to pay in-state tuition for graduate studies at the University of Tennessee Space Institute. The UTSI strategic plan calls for expansion in the robust and growing Aerospace & Defense community in Huntsville, which is located in Madison County Alabama. Currently, the University of Alabama– Huntsville charges in-state tuition to residents of six counties in middle Tennessee, several extending to the Nashville Suburbs. For a nine-hour graduate semester, UAH tuition is approximately \$6,100 while out-of-state tuition for nine hours at UTSI is approximately \$14,828 (excluding fees). Many employers in the Huntsville area reimburse their employees for graduate tuition costs with a typical annual limit between \$10,000-\$12,500. For graduate students who are reimbursed in this fashion, UTSI out-of-state tuition cannot be afforded. If allowed to charge in-state tuition to residents of Madison County, Alabama, we believe that initially 15-20 students from the Huntsville area will enroll in part-time graduate studies. This number has the potential to grow with strategic marketing of our graduate programs. There is no additional cost to offer in-state tuition to northern Alabama residents and no need to add additional faculty, courses, or infrastructure to accommodate the potential increase in enrollment. Please note that in addition to an opportunity to grow our enrollment, the increased presence of UT in the Huntsville region is a strong motivation for this request. Estimated new annual tuition revenue for ten part time students is \$57,340, a reduction in out-of-state tuition by \$4,547 per semester per student for four existing part time students.
- Nutrition Future Education Model (FEM) Graduate Program Fee - FEM is an accelerated BS to MS program that, upon completion, provides students with eligibility and preparation to take the national credentialing examination to become Registered Dietitian Nutritionists. This program represents a shift from conventional dietetics training in that it emphasizes practical, hands-on training beginning with junior year courses of the undergraduate curriculum but the fee is not assessed until the Fall semester of their senior year. This creates an accelerated path to obtaining the 1000 hours of supervised practice required by Accreditation Council for Education in Nutrition and Dietetics (ACEND) to sit for the licensing exam.
- Aerospace and Defense MBA (ADMBA) - This requested fee increase is to address the increasing cost of program delivery, specifically faculty costs, meals, program materials, and simulations. The last fee increase was in 2019 from \$69,000 to \$72,500. The requested increase would be effective for the class of 2024, which begins January 2024. Estimated number of students in 2024 is expected to be around 40.

## Proposed 2023-24 Tuition and Fees

---

- Professional MBA (ProMBA) - This requested fee increase is to address the increasing cost of program delivery, specifically faculty costs, meals, program materials, and simulations. The last fee increase was in 2019 from \$48,000 to \$49,500. The requested increase would be effective for the class of 2024, which begins August 2023. The class of 2023, which graduates in December 2023, would not be charged the fee increase. The estimated number of students in 2024 is expected to be around 45.
- Executive MBA for Strategic Leadership (EMBA-SL) - This requested fee increase is to address both the cost of program delivery and market adjustment component. Cost of program delivery has increased, specifically faculty costs, meals, program materials, simulations. Faculty costs in particular impact this program as some of the college's most senior faculty deliver content, which is consistent with the program's focus on attracting senior leaders as students. Relative to the market adjustment component, this program is currently priced below the average cost of EMBA programs. Recent surveys by the Executive MBA Council show the current average cost of an EMBA to be approximately \$86,000. UT's Executive MBA for Strategic Leadership is listed among the Top 100 EMBA programs worldwide by the Financial Times (#13 among U.S. public institutions) and market expectations include a program fee that is consistent with this ranking/quality level. The last fee increase was in 2019 from \$71,000 to \$76,000. The requested increase would be effective for the class of 2024, which begins January 2024. Estimated number of students in 2024 is expected to be around 30.
- College of Nursing Program Fees/Differential Tuition – The College of Nursing currently has the following fee structure: each program has an individual program fee. All programs have clinical course fees. UG programs have differential tuition. Graduate courses have a general graduate course fee on all 600+ level courses and graduate program fee. This structure is complex and difficult to manage from the college and bursar perspectives, in addition, the complexity creates confusion and frustration when students and parents are reviewing and funding payments. The college proposed a consolidation of fees to simplify the process. In lieu of multiple fees, the fee structure will be reduced to a singular differential tuition. The only exception will be the DNP - CRNA program which has additional costs beyond the other programs and will retain its Program fee. Net impact of the differential tuition increases less removal of various program and course fees herein represents a total annual increase of \$73k. Differential tuition will increase from 135 per credit hour to 245 per credit hour and be assessed on all nursing courses (undergraduate and graduate - previously only assessed on undergraduate)
- Facilities Fee - This fee was last increased in FY17. Additional funds are needed to support deferred maintenance for existing campus buildings and to supplement the rising cost of construction for new buildings to meet the needs of our expanding student population. Increase at different rates applies to in-state and out-of-state students, respectively.

## Proposed 2023-24 Tuition and Fees

---

- Transportation Fee - This fee was last increased in FY16. The current fee does not generate sufficient revenue to fully fund the transit system. The proposed increase will address the cost as the university transitions to a new contract with the current transit provider.
- Dining Services - The proposed average rate increase for all meal plans, except for the Dining Dollars, Flex and Block Plans, is 3%. The meal plan reflected on this schedule is the TN 7 Day Unlimited plan w/ \$300 DD, since this is the plan with the highest number of participants. The increase in rates provides funding required to offset rising inflationary costs (i.e., food, facility maintenance, salary adjustments). This provides additional flexibility to enhance the overall campus dining experience. In addition, a \$21 per day fee for unlimited meal access will be applied to students who arrive early for campus move in from August 13-20, 2023.
- Housing - An average 5.3% increase in room rental rates allows for the continued replacement and improvement of student housing facilities and services on campus.

### **Approved by the President**

- SCUBA Course Fees - Increase all Scuba Course fees by 10% to address increase in certification and supply cost.
- College of Nursing Course Fees - Removal of Program Fee (\$200 per course on clinically designated courses, annual cost varies by program and term) offset by differential tuition increase. The average is 2 to 3 courses per year.

### **Approved by the Chancellor**

- Parking Permit Fees - Commuter and Non-Commuter permit rate increase is needed to address garage/lot maintenance and provide funding for employee salary adjustments. The proposed average increase for all permit types is 5.4%. Permit charges are assessed for the full academic year rather than by semester. Commuter and Non-Commuter permits have the highest number of participants.

## Proposed 2023-24 Tuition and Fees

---

### Proposed for Approval by the Board of Trustees

- Maintenance Fee and Out-of-State Tuition – Martin is proposing a 2% increase to the in-state tuition. This is an increase of \$168 per year. The cost per credit hour on campus will increase from \$349 to \$356 per hour.
- Mandatory Fees:
  - Debt Service: Increase from \$190 to \$230 per semester due to an increase in existing annual debt service payments (increase of \$40 per semester, \$80 per year).
  - Student Health Fee: Increase from \$30 to \$54 per semester to fund crisis line services, fund case manager position, provide psychiatric and teletherapy services, and assist with increased medical supply costs (increase of \$24 per semester, \$48 per year).
  - Auxiliary Enterprises – There are a number of different prices for on-campus housing options and a variety of meal plans. Martin is proposing average increases of 3.0% for residence hall rentals and dining plans. The projected revenue gains of \$284,670 will be used to cover increased costs in housing and food service operations and improve the diversity of food offerings.

### Approved by the President

- HHP Fees - Create new course fees for HLTH (Health) 220, 221 HPED (Health and Physical Education) 320, 321, ATRN (Athletic Training) 200, and HPER (Human Performance) 440.
- Art Studio Fees - Increase existing fees for ART 130, 225, 325, THEA (Theatre) 330 for increase supply costs and create course fees for ART 120, 200, 370, 365, 410 and THEA 430 to cover the cost of course supplies.

## Proposed 2023-24 Tuition and Fees

---

The UT Health Science Center (HSC) proposes a 1.5% tuition increase, adjustments to fees for materials, medical instruments, and digital materials used in certain programs, and a reduction in the student health insurance fee.

SUMMARY	New Revenue
Proposed for Approval by the Board of Trustees	\$1,125,000
Approved by the President	2,685,000
Approved by the Chancellor	(550,000)
<b>Proposed Allocations</b>	
Simulation center; basic science faculty; library subscription inflation	\$ 1,125,000
Instruments for dentistry/dental hygiene didactic/clinical learning environments	2,535,000
Course materials; licensing test prep kits; admissions tracking software	150,000
Savings realized by students due to reduced health insurance premiums	(550,000)
<b>TOTAL</b>	<b>\$3,260,000</b>

### Proposed for Approval by the Board of Trustees

- Tuition – A 1.5% tuition (maintenance fee) increase across sixteen HSC programs would generate a net revenue gain of approximately \$1.125 million (equivalent to 0.34% of total HSC unrestricted operating revenues). The funds would be used to improve infrastructure in the Center for Healthcare Improvement & Patient Simulation (CHIPS), hire basic science faculty, and keep pace with increasing library subscription costs. Tuition increases for all HSC programs have been low for several years, including no increases or reductions in some years; as a result, the cost of HSC programs will continue to be competitive compared to other medical schools even if these increases are approved.

### Approved by the President

- DNP – Digital Materials Fee – The College of Nursing provides materials needed by DNP students to complete their course work. The materials are being updated for next year and the cost has increased. The fee would increase from \$230 to \$275. The amount of revenue that will be generated to cover the increased costs of materials will be \$9,000. Assessing it as a student fee enables students to use financial aid to cover this cost.

- BSN – Digital Materials Fee – The College of Nursing provides materials needed by BSN students to complete their course work. The materials are being updated for next year and the cost has increased. The fee would increase from \$1,851 to \$2,100. The amount of revenue that will be generated to cover the increased costs of materials will be \$25,000. Assessing it as a student fee enables students to use financial aid to cover this cost.
- Eliminate Point of Care Testing Fee – Due to a change in the curriculum at the College of Pharmacy, this fee is no longer required for the students.

## UT Health Science Center Proposed 2023-24 Tuition and Fees

---

- Eliminate CON Digital Equipment Fee – Due to a change in program requirements in the College of Nursing, this fee is no longer required for the students.
- College of Medicine Supplemental Application Fee – During the admissions process to the College of Medicine, applicants invited to campus for an interview are required to fill out a supplemental application. This fee covers the cost of the software to track and maintain the supplemental application. The estimated revenue associated with this is \$60,000.

The next set of fees do not increase the student cost of attendance, and they were requested by various college student groups to provide better financial planning and to streamline access to various student resources.

- College of Medicine Student Resource Fee – This fee covers the cost of providing Step 1 and Step 2 test preparation materials and other study resources. It will be phased in over the next four years, starting with the incoming M1 class. The estimated revenue gain is \$81,000.
- College of Health Professions DPT Student Resource Fee – This fee covers the cost of providing licensing board test preparation materials and other study resources. The estimated revenue associated with this is \$36,000.
- College of Dentistry Dental Kit Fee – This fee covers the cost of providing instruments that students need in the didactic and clinical learning environments for both Dentistry and Dental Hygiene students. The fee amounts vary based upon the year of study of the student follows:
  - College of Dentistry Dental Kit Fee D1 will be \$7,687 with estimated revenue of \$923,000
  - College of Dentistry Dental Kit Fee D2 will be \$8,368 with estimated revenue of \$954,000
  - College of Dentistry Dental Kit Fee D3 will be \$4,873 with estimated revenue of \$473,000
  - College of Dentistry Dental Kit Fee D4 will be \$665 with estimated revenue of \$64,000
  - College of Dentistry Dental Hygiene Kit Fee will be \$3,351 with estimated revenue of \$121,000. This kit fee is only charged in the first semester of the first year of the program.

### Approved by the Chancellor

- Student Health Insurance – UTHSC requires all students to carry health insurance. If a student does not have access to health insurance, this policy is available to them. The university health insurance policy includes coverage for injury and sickness, including inpatient, outpatient, prescription, and wellness provisions. The plan also includes accidental death and dismemberment coverage. For the upcoming year, the premium has been reduced with no changes to coverage after a review of utilization. The fee will decrease from \$3,887 to \$3,414, resulting in a \$550,000 decrease which reflects the lower premium.
- Student Malpractice Insurance Premiums – the cost of premiums for students in Nursing, Pharmacy, and Health Professions will drop from \$15 to \$10. The savings will be passed on to the students.

## Proposed 2023-24 Tuition and Fees

---

### Proposed for Approval by the Board of Trustees

- Undergraduate Tuition - UT Southern proposes a 3.0% (\$270) increase in the undergraduate maintenance fee. This increase is requested to help offset the cost of doing business due to rising inflation. We anticipate that the effect on students will be minimal as a majority of our students receive financial aid which assists to offset the cost of attendance.
- Mandatory Fees - A \$36 increase represents an additional \$52,430 of revenue. Along with an increased enrollment comes a need to provide students with resources to enhance their educational requirements as well as increasing awareness for sustainability. The additional funds help to offset costs of databases, periodicals, and books offered through our campus library as well as increased sustainability initiatives campus-wide. The totality of our fees support technology, student activities, the Student Government Association, health clinic and counseling services along with facility, parking and sidewalk improvements.

### Approved by the President

- Activity Equipment Fee – Various one credit hour activity courses are offered in our Education Division. A \$10 fee per course is anticipated to generate \$2000 and is proposed to offset equipment and supplies expenses.
- Equipment and Certification Fee – A \$45 fee per course is anticipated to generate \$3600 and is proposed to offset the cost for equipment and student first aid certifications.
- Education Fee - A \$300 fee is proposed for Apprentice and Grow Your Own Education majors in the final semester. This is a reduced rate compared to \$900 currently charged as a Student Teaching Fee for traditional Education majors and is anticipated to generate \$1200 for FY24. This cost is reduced and covers only the cost for edTPA expenses.
- Special Topics Fee – Certain special topic courses require a background check. A fee of \$60 is proposed to offset this cost when needed. All courses are not assessed a fee. During some academic years, there is a possibility that no students will be enrolled in courses that required this fee due to the nature of the course.
- Internship Fee – A \$210 fee per course is proposed to offset costs of placing students in internship positions, typically \$150 plus a background check. This is expected to generate \$9,870 (based on 47 students) to cover these expenses.

*During the February 2023 Board of Trustees meeting, the board approved reducing the undergraduate non-resident tuition rate 50%. It was determined to have a minimal budget impact due to the limited amount of students assessed that aren't subsidized. Any potential budget implication will be offset through enrollment. This out of state reduction aligns all undergraduate non-resident tuition assessed, which allows the university to discontinue marketing the TN Border State rate.*

*Out of state students from Catoosa, Dade, Fannin, Murray, Walker and Whitfield counties in North Georgia and Jackson county in Alabama may qualify to receive a Regional Tuition Discount to their "Non-Resident Tuition". Students receive a 50% discount credit of the "Non-Resident Tuition" to their account.*

*The Online Learning and Distance fee schedule will apply to students enrolled in a THEC approved online program or degree.*

*The schedule above does not include differential fees assessed at \$60 per credit hour for Gary W. Rollins College of Business, College of Engineering and Computer Science, and Doctorate programs for Physical Therapy and Occupational Therapy courses; as well as, differential fees assessed at \$105 per credit hour for School of Nursing courses. The total amount paid depends on the number of credit hours taken.*

*The schedule above does not include online access fee assessed at \$56 per credit hour. All students enrolled in an on-campus program or a degree designated as on-campus and choose to register for an online course offering will be assessed from the regular fee schedule, in addition to being assessed the online support fee based on the appropriate per hour basis.*

**University Fees are set by the Board of Trustees and are subject to change at any regular or called meeting of the Board.**

Mandatory fees are used to support programs, services, technology, and facilities that enhance student life and academic programs.

The purpose of the Student Programs and Services Fee (SPSF) is to advance the University's educational mission by funding non-instructional services, activities, programs, and facilities that promote student satisfaction and retention or promote the intellectual, physical, emotional, social, cultural, or leadership development of students. The Board of Trustees retains ultimate control of the SPSF and sets the amount of the SPSF at each campus annually upon the recommendation of the Board's Finance and Administration Committee.

The Student Programs and Services Fee (SPSF) is paid in two parts, Part A and Part B. Part A is paid by all full-time and part-time students at an hourly rate up to a maximum. Part B is paid by all students taking 9 or more hours at a flat rate of \$101. Students, who have paid any portion of the fee, have access to the Student Counseling Center, the Student Health Center, TRECS, and discounted Clarence Brown Theatre and UT Opera tickets. Students who wish the opportunity to obtain student tickets to football and basketball games are required to pay the full fee. If a student is taking 6, 7, or 8 hours, they may elect to pay the full SPSF Fee to become eligible to obtain tickets.

Differential Tuition is a per-credit-hour fee assessed for a specific course or group of courses as dictated by increasing demand for educational excellence in specific areas. Once approved, future percentage increases in Maintenance Fees automatically apply to the Differential Tuition for these specific courses. Increases to Differential Tuition exceeding the percentage increases proposed for Maintenance Fees must be approved by the Board of Trustees. The total amount paid depends on the number of courses taken.

**University Fees are set by the Board of Trustees and are subject to change at any regular or called meeting of the Board.**

*In-state students pay only for the maintenance fee, which is commonly referred to as 'in-state tuition'. Out-of-state students pay the maintenance fee plus non-resident tuition. The combined amount of these two fees is commonly referred to as 'out-of-state tuition'.*

*Differential Tuition is a per-credit-hour fee assessed for a specific course or group of courses as dictated by increasing demand for educational excellence in specific areas. Once approved, future percentage increases in Maintenance Fees automatically apply to the Differential Tuition for these specific courses. Increases to Differential Tuition exceeding the percentage increases proposed for Maintenance Fees must be approved by the Board of Trustees. The total amount paid depends on the number of courses taken.*

### **Current Funds**

Current funds are available to the university for use in achieving any of its authorized institutional purposes. They include revenues generated by or appropriated for current operations as well as carryovers from previous years set aside for current operations. These funds may be either unrestricted or restricted:

- **Unrestricted** – funds which the university retains full control of their use, or
- **Restricted** – funds which are externally restricted and may be used only in accordance with the purposes established by the provider

### **Current Fund Categories**

There are two categories of current funds used by UT:

- **Educational and General** – consists of all core functions of the university necessary to support the teaching, research, and public service missions of the university
- **Auxiliary Enterprises** – self-supporting enterprises which furnish services to students, faculty, and staff. Examples include housing, bookstores, food service, and UT Knoxville Men's Athletics.

### **Current Fund Revenue Sources**

- **Tuition and Fees** – funds collected from students for educational purposes
- **Appropriations** – primarily funding received from the State of Tennessee to support current operations of the university. Appropriations may also be received from the federal government and from local (city and county) governments.
- **Grants and Contracts** – funds received from governmental (federal, state, local) or non-governmental (private organizations or individuals) entities resulting from grants or contracts entered into to furnish goods or services.
- **Sales and Services of Educational Activities** – revenues from the sale of goods or services related to educational activities. Examples include the sale of literary publications, testing services, the sale of agricultural products, theater revenues, clinical services, and band and sports camps.

## Accounting and Budget Terminology (continued)

### Functional Area Expenditure Categories

- **Instruction** – expenses for activities that are part of an institution’s instruction program. Expenses for credit and noncredit courses; academic, vocational, and technical instruction; and regular, special, and extension sessions should be included.
- **Research** – expenses for activities specifically organized to produce research, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution.
- **Public Service** – expenses for activities established primarily to provide non instructional services beneficial to individuals and groups external to the institution. Such activities include community service programs and cooperative extension services.
- **Academic Support** – expenses to provide support for the university’s primary mission of instruction, research, and public service; includes libraries, academic computing support, museums, and academic administration.
- **Student Services** – expenses incurred for offices of admissions and the registrar and activities with the primary purpose of contributing to students’ emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program. It includes expenses for student activities, cultural events, student newspapers, intramural athletics, student organizations, intercollegiate athletics (if the program is not operated as an auxiliary enterprise), counseling and career guidance (excluding informal academic counseling by the faculty), student aid administration, and student health service (if not operated as an auxiliary enterprise).
- **Institutional Support** – expenses related to executive management, fiscal operations, legal services, personnel services, administrative computing, and contractual payments to the UT Foundation, Inc. for the provision of alumni and development programs.
- **Operation and Maintenance of Physical Plant** – expenses for the operation and maintenance of buildings and grounds, utilities, custodial services, and campus security.
- **Scholarships and Fellowships** – expenses for aid to students in the form of monetary grants resulting from selection by the institution or from an entitlement program.

### Transfers

- **Mandatory** – transfers from current funds to another fund group arising from a legal binding agreement, primarily the retirement of debt obligations for buildings.
- **Non-mandatory** – transfers from current funds to another fund group made at the discretion of the university. Examples include the setting aside of funds for the renewal or replacement of equipment, funding institutional match requirements for construction projects, and building long term reserves for future contingencies.

## Accounting and Budget Terminology (continued)

### **Natural Classification Expenditure Categories**

Expenditure categories reflecting type of good or service: salaries, fringe benefits, non-personnel operating expense, equipment, scholarships, fellowships, utilities, supplies, and contractual services.

### **Unrestricted Net Assets**

Funds designated or reserved for specific purposes such as working capital, revolving funds, encumbrances, and reappropriations. A portion of these funds are maintained as unallocated funds at a level that falls within a certain percent range of total expenditures and transfers.

- **Working capital** – provides sufficient liquidity to fund accounts receivable, inventories, and petty cash. These are required by state regulations and are considered non-expendable during the fiscal year.
- **Revolving funds** – fund balances tied to revenue-generating units (e.g., service centers, motor pools, conference centers, medical clinics) and university wide cost-distribution models (e.g., unemployment compensation, workers compensation liabilities, claims liabilities, etc.).
- **Encumbrances** – funds carried over for commitments for purchases of goods and services that were not received before the close of the fiscal year. They are fully expended during the fiscal year.
- **Reappropriations** – funds carried forward for specific programs and initiatives. The most common example is a project that was planned for the previous fiscal year but delayed until the next fiscal year. Most reappropriations are fully expended during the current year.
- **Unallocated Reserves** – are contingency funds used to respond to fluctuations in revenues and expenditures. The unallocated reserve for E&G operations is limited to 2% to 5% of total expenditures and transfers; the auxiliary target range is 3% to 5% of expenditures and transfers.

The University of Tennessee  
Board of Trustees

Resolution 030-2023  
Resolution to Approve the FY 2023-24 Operating Budget

WHEREAS, by state law, the Board of Trustees must approve an annual operating budget for the University;

WHEREAS, state law further requires the Board of Trustees to approve student tuition and fees; and

WHEREAS, the FY 2023-24 Budgets for Education and General (E&G) and Auxiliary Enterprises are balanced, and within available resources and comply with all applicable policies and guidelines;

NOW, THEREFORE, BE IT RESOLVED that:

1. The FY 2023-24 Operating Budget is approved with the understanding that if the General Assembly or the Department of Finance and Administration further alters the FY 2023-24 appropriations, or if changes in estimated resources require, the budget shall be modified accordingly so expenditures will not exceed available resources.
2. The FY 2023-24 student tuition and fee schedules, course-related fees, and other dedicated student fees presented in the FY 2023-24 operating budget are approved.
3. The FY 2023-24 salary plan is approved.
4. Any remaining Unrestricted Current Fund balances may be considered as a reserve for contingencies to be used for the following purposes, provided that all such changes shall be reported in a Revised Budget presented to the Board for approval:
  - a. Employing additional staff where enrollments and reorganization requirements warrant;
  - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments;

- c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines;
- d. Improving physical facilities as opportunities arise;
- e. Mandated cost increases; and
- f. State impoundment of funds or appropriations rescission during the budget year.

Adopted this 30<sup>th</sup> day of June, 2023.

Certificate

I hereby certify that the foregoing Resolution was adopted by the Board of Trustees of The University of Tennessee on the date set forth above.
